

and the remaining bedrooms have built-in wardrobes.

Also on this level, the timber kitchen has granite benchtops and stainless-steel appliances.

There are casual and formal dining areas, as well as a separate sunken lounge room, with access to the front deck.

On the lower level, the study has external access, making it an ideal home office.

Beautiful Beach Allotments - 'Sunrise at 1770'

A limited number of exquisite beach side allotments are now available in one of the country's most spectacular developments and stunning locations. This is a superbly planned, gated community development with the gentlest ecological footprint in Australia. Surrounded by national park and nature reserves you can swim, surf or wander along the untouched beaches. This estate quarantines one of the Queensland coasts most sought after assets from the ravages of high density development. House and land packages available. Average allotment size 2200m².

Land priced from \$390,000 to \$690,000

Ultimate Noosa

Elysiūm
n. abode of the blessed;
(place of) ideal happiness

To be the best, we had to commission Australia's best architects. Then we briefed them to create architecture that is inspiring, harmonious and diverse so that no two houses are the same and every single one is a masterpiece.

The result is Elysium Noosa, Australia's most architecturally-designed residential community. Set in a serene natural environment in one of the country's most desirable postcodes, Elysium Noosa truly is the ultimate community.

Stage 1, featuring 41 inspirational homes, is selling now from \$1.25m
