

**BETTER** than ever ... the refurbished Urban.

## Urban extravagance

**ANOTHER** hot new boutique hotel to launch in Brisbane after a two-year, \$10 million refurbishment is Urban in Wickham Tce. Formerly the Terraces on Wickham Hotel, the 180-room Urban has been designed by award-winning architect Richard Kirk and SJB Architects.

It features designer furnishings and fittings by leading interior designer David Forbes. Quirky touches include custom-designed king-size mattresses called Urban Snorers, Tie Me Up Tightly bathrobes and Slow Down slippers.

All rooms include a work desk and ergonomic chair as well as WiFi and ADSL broadband Internet access.

Even the ubiquitous digital clock has been replaced by a classic Tivoli analogue clock radio.

Nice touch.
